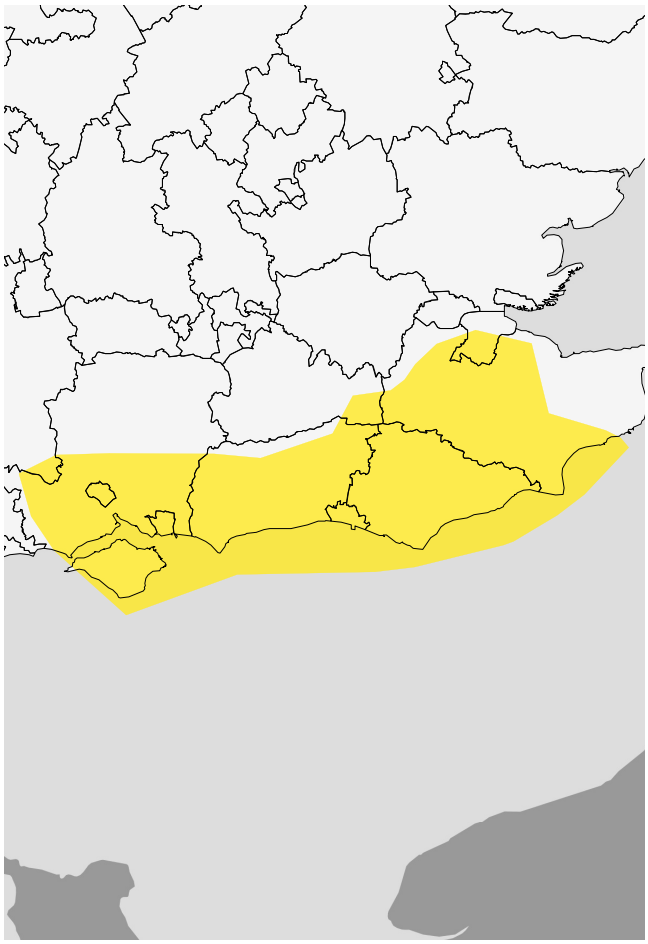
Yellow warning
**Rain**

Between
**00:00 Thu 19 Dec 2019** and
**23:59 Sat 21 Dec 2019**



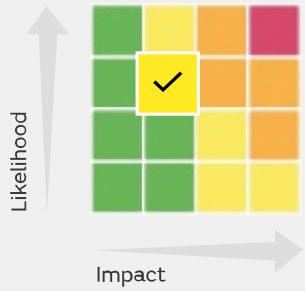
## Spells of heavy rain are likely to lead to travel disruption at times through the period.

### What to expect

- Flooding of a few homes and businesses is likely
- Bus and train services probably affected with journey times taking longer
- Spray and flooding on roads probably making journey times longer

### Further details

Periods of heavy rain through the latter part of this week will be separated by relatively brief dry spells. Through the whole 3-day period many places are likely to see rainfall accumulations of 25 mm or more, with some places having 50-70 mm. In some places there is the possibility of 20-30 mm in 6-9 hours at times. With the ground already saturated there is the potential for problems due to flooding. At present there is significant uncertainty regarding the timing and detail of individual rainfall events.



Medium likelihood of low impacts
